Dear Mr. Lewis.

Having been quite very busy with the new "Criterion" I beg to excuse my late answer with it.

Inclosed you find two copies subscription for myself. — and I look forward with great expectation for the "Spanish Songs" and with all my good wishes for a great success.

As I have so little time to make a new photograph for the South West Museum - would not my good picture made by Hatzfeld do it.

Kindly let me know and I will send it.

With my best greetings cordially

always Your
